

Poppy Pimsirin

UX/UI Designer

pimsirin.p@outlook.co.th | www.linkedin.com/in/poppy-prasartset/

SUMMARY

A UX/UI designer with a strong foundation in design, media production, and cross-functional project coordination. With 4+ years of experience managing creative workflows, ensuring quality delivery, and supporting user-focused outcomes, I bring a practical, detail-driven approach to digital product design. I combine visual design skills with user-centered thinking to create intuitive, accessible, and engaging experiences across platforms.

EXPERIENCE

Dubbing Archival Asset Specialist @IYUNO | Freelance

2023 – 2025

- Executed full-cycle Linguistic QC and ARS audits to ensure linguistic and technical accuracy of dubbed assets.
- Managed screen performance by optimizing Forced Narrative placement and verifying archival timecode synchronization.

Project coordinator @IYUNO

2021 – 2023

- Managed full lifecycle of high-tier dubbing projects with local and international stakeholders, resulting in 98% on time delivery and less than 3% redelivery requests
- Oversaw project timelines, managed task allocations, deliverables productions, and status
- Created work orders/ purchase orders, generated and distribute invoices to clients, prepared dubbing credits, metadata, and other documents as assigned. Occasionally provide linguistic QC assistance on tier-1 projects

Customer Experience Professional @ExxonMobil Ltd.

2021 – 2021

- Managed and streamlined end-to-end Order to Cash (O2C) processes for clients with Asphalt portfolios across Thailand, Singapore, and cross-border groups.
- Monitored the collection interface, reviewed letters of credit, and resolved operational issues to mitigate frictions.
